GOD IS NOT FINISHED YET

Philippians 1:6 - *"Being confident of this very thing, that he which hath begun a good work in you will perform it until the day of Jesus Christ."*

Life can sometimes feel like a gathering of buzzards. Problems seem to circle overhead, waiting for the moment when we become discouraged, defeated, or ready to give up. In those moments, it is easy to believe that our failures, disappointments, or difficult circumstances have the final word. But God sees something different. He sees what we can become through His grace.

Scripture reminds us that our present circumstances do not determine our final destiny. God is still working in our lives. Even when we cannot understand what He is doing, He has not abandoned us.

Our mistakes may remind us of our weaknesses, but they do not cancel God's purpose. Our struggles may test our faith, but they do not mean that God has stopped working. Sometimes the very circumstances that make us feel defeated become opportunities for God to strengthen our character and deepen our trust in Him.

The message is simple but powerful: Don't give up on yourself because God has not given up on you. The enemy may point toward your past, but God points toward your future.

Remember that the story is not over. God is still shaping, restoring, strengthening, and preparing you. Your setbacks are not your ending. God believes in me, therefore, my situation is never hopeless. God walks with me, therefore, I am never alone. God is on my side, therefore, I can never lose. God is not finished with you yet!
